

Hōhepa Woodwork

Every life fully lived

Hōhepa

Hawke's Bay

Natural

Made from responsibly sourced untreated wood, non-toxic and child safe materials.

Handmade

Quality craftsmanship is applied to every wooden toy or piece of furniture.

Social

Created by people with an intellectual disability who share knowledge and skills, fostering community and empowerment.

Joyful

Fostering imagination and creativity allowing for open-ended play.

Kia Ora, Welcome to Hōhepa Hawke's Bay Woodwork Studio

Our woodwork studio is more than just a workshop. It's a community, providing meaningful work opportunities for people with intellectual disability.

Here individuals are empowered to hone their skills and express their creativity through woodworking.

Our wood is responsibly sourced, ensuring that the ecological impact is minimised. The application of non-toxic vegetable oil makes our products safe, durable and beautiful.

Sustainable high quality wooden toys and furniture crafted with love and care.

Our Toys

Our wooden toys are designed to be simple and allow for open-ended play. This fosters imagination, creativity, problem solving, and story telling abilities in children.

Our toys are handmade and crafted with attention to detail, making them functional and fun to play with, and inspires a sense of natural beauty and quality. A sustainable choice that can last for generations and be passed down.

The toys provide a sensory-rich play experience that supports the holistic development of children and connection with simple natural materials.

“An important consideration when creating our products is providing repetition in the work process to build on the team’s skills, resulting in a sense of achievement.

Everyone deserves the opportunity to contribute meaningfully. The studio provides a supportive environment where the people we support can learn, grow and thrive with a sense of belonging.”

Robert Ogilvie,
Hōhepa Woodwork Facilitator
